Error [3550] 1 QTP.2.0.

2020.06.09 update from
2017 to 2020 How to : Step 1 :
Uninstall previous version Step 2
: Install MSI Live Update
4.0.0.101 Step 3 : Reboot your
PC Step 4 : Follow the onscreen
instructions to complete
installation. step 1 Remove all
your previous version of Live
Update : Run Live Update MSI
repair Click Yes to remove all
previously installed updates Step
2 Install Live Update 4.0.0.101.

Note : Important! You may have to run the Live Update 4.0.0.101 Setup again if you get a Setup error during the . this happens because of the drivers of previous version. Step 3 Reboot your PC Step 4 Follow the onscreen instructions to complete installation. If you are new to Live Update, here is a quick tip : For the upgrade path, You can make use of the third party utilities to upgrade Live Update, such as Live Update Smart

Wizard - Setup a complete and guided Live Update experience
Live Update Utility - Run in silent mode Kerio Update Utility
- A complete and ready-to-use Live Update utility. # -*- coding: utf-8 -*-
from import storage
