Extract from the following source. Tori Dvorkin's story of being an astrobiologist and being part of the first study of the Ceta.website So I made a. I had this idea when I found out she was going to write a book about Mars and I thought it would make a great anthology. This story is about a lesbian school teacher named Rose Blanche and a very beautiful student named Blanche Marquise. Blanche always gets the attention of the boys around school and is always the favorite of the school teachers. This school is very conservative and the student body is mostly populated by middle class white people. Blanche discovers that Rose is a lesbian in a very sad and dark way that starts a fight that the school is not aware of. Lesbian teenagers Rose and Blanche are college roommates. As Rose awaits her senior year, Rose and Blanche decide to take a break from school and travel together to Paris for the summer. There, Rose meets an inspiring French woman who is a philosopher, writer, and activist. While in Paris, the two women encounter the fascinating dichotomy of French society at the time.
