Each week Owen and Mike break down the liberal news and explain how they see the world. You'll also get responses from popular guests as well as new, exclusive interviews and more. Owen and Mike have a lot to say, so join us and get involved! This week Owen and Mike talk about the SNC-Lavalin scandal in Canada, the U.S. midterm elections, what the purpose of the "MAGA" rally is, what the next president should be pushing for, and the Orwellian Newspeak that has emerged from the Trump White House. They also break down and respond to two listener questions: "Should a liberal be a nationalist?", and "What is free speech?" An age-associated sperm-egg fusion defect was demonstrated in the gerbils immunized with a native sperm. Anti-sperm rabbit antiserum was prepared from the immunized gerbils. Sperm penetration in the treated oocytes was not inhibited by this antiserum, indicating that the sperm-egg fusion defect was caused by the immunization. Anti-sperm rabbit antiserum with a serum titer of 1:4,000 was selected and used for the immunization of mature male gerbils. The gerbils were immunized four times at two-week intervals. Anti-sperm rabbit antiserum induced the immunological infertility with only a very low level of sperm-egg fusion. The immunization effect became obvious when the male gerbils were about 22 months old. We also 2d92ce491b
